ONLINE LEARNING RESOURCE
The new eLearning Hub will provide key capacity-building resources to Parent Center staff in an online learning environment of self-paced training modules.

RESOURCES GALORE

This includes fact sheets; IDEA training materials; parent guides; explanations of early intervention and special education, the IFSP and IEP, and transition planning; webinars on priority topics such as early learning, self-advocacy skill building, assessments; and more.

BUZZ FROM THE HUB

Our bimonthly e-news highlights hot new resources, upcoming events of note, and materials you can share with families via social media, your website, or your own e-newsletter. The *Buzz* also spotlights a different key topic every month.

WHO KNOWS WHAT?

The Who Knows What? is an online database that houses Parent Center profiles and serves as the network's very own "yellow pages." Need to find someone within the Parent Center network with experience on a particular disability-related or management topic? Search the WKW, and find colleagues who can share their skills and knowledge. cpirwhoknowswhat.org

SURVEY ITEM BANK

Knowing if your workshops, trainings, events, and services measure up with families, youth, donors, and funders is important for program improvement and sustainability. This database of 150+ questions enables you to quickly and easily survey participants in your programs and services. The ready-to-use questions come from Parent Center colleagues and have been reviewed by professional evaluators funded by OSEP. The questions are also available in Spanish.

CENTRAL EVENT CALENDAR

The main Hub Event Calendar lists upcoming events from the national and regional PTACs. You can also register in the Parent Center workspaces, join the group Hub Central, and find a calendar listing upcoming trainings and webinars of individual centers. You can also post your own events of interest to Parent Centers.
